Dear Colonel Knight,

During the 59<sup>th</sup> session of Florida Girls State we were privileged to have four Florida Highway Patrol Troopers assigned to us. Troopers have become an essential part of our program over the years. This year was no exception; the four Troopers this year were invaluable to our successful session.

Troopers Leslie Weber, Faith Goodwin, Jackie Hollis and Jennifer Drake were all great! The Florida Highway Patrol should be proud of the professional and courteous manner in which they conducted themselves. These Troopers exemplified the characteristics that have made your organization a successful and professional law enforcement agency. It is this kind of example that changes these young women's lives and opens their eyes to careers in law enforcement and builds positive relationships between law enforcement and future generations.

Thank you again for all the support and understanding your agency has provided for the American Legion Auxiliary Florida Girls State Program. It is the support of agencies like yours that aid in the success of our program. It is my hope that you and your agency will continue the good work and support our program in the future. Thanks for everything you and your agency do.

Sincerely,

Leslie Kitching
